**A Sudden Country**-Karen Fisher 2007-12-18 A vivid and revelatory novel based on actual events of the 1847 Oregon migration, *A Sudden Country* follows two characters of remarkable complexity and strength in a journey of survival and redemption. James MacLaren, once a resourceful and ambitious Hudson's Bay Company trader, has renounced his aspirations for a quiet family life in the Bitterroot wilderness. Yet his life is overturned in the winter of 1846, when his Nez Perce wife deserts him and his children die of smallpox. In the grip of a profound sorrow, MacLaren, whose home once spanned a continent, sets out to find his wife. But an act of secret vengeance changes his course, introducing him to a different wife and mother: Lucy Mitchell, journeying westward with her family. Lucy, a remarried widow, careful mother, and reluctant emigrant, is drawn at once to the self-possessed MacLaren. Convinced that he is the key to her family's safe passage, she persuades her husband to employ him. As their hidden stories and obsessions unfold, and pasts and cultures collide, both Lucy and MacLaren must confront the people they have truly been,

are, and may become. Alive with incident and insight, presenting with rare scope and intimacy the complex relations among nineteenth-century traders, immigrants, and Native Americans, *A Sudden Country* is, above all, a heroic and unforgettable story of love and loss, sacrifice and understanding.

**Japanese Motorcycles**-Sid Young 2015-08-01 Everything you need to know to restore or customize your classic Japanese motorcycle. Whether you want to correctly restore a classic Japanese motorcycle or create a modified, custom build, you need the right information about how to perform the mechanical and cosmetic tasks required to get an old, frequently neglected, and often long-unridden machine back in working order. From finding a bike to planning your project to dealing with each mechanical system, How to Rebuild and Restore Classic Japanese Motorcycles includes everything you need to know to get your classic back on the road. Of course certain bikes have always had a following - Honda CB750, 305 Hawk, CB400-4, Benly;

Suzuki GT750, Katana, GS1000S; Yamaha XS650, RD400 Daytona, TZ; Kawasaki H1, H2, Z1R - and these have now become the blue-chip Japanese bikes leading collectors to seek out more common (and now more affordable) alternatives. This is the perfect book for anyone interested in classic Japanese motorcycles, as well as prepping a bike to build a cafe racer, street tracker, or other custom build.

### **George the Painter: A Bathroom Reader-**

George Frizzell 2013-03-15 In spring of 2006, George Frizzell, aka George the Painter, agreed to write a monthly column for "The Horse/Backstreet Choppers" magazine. The column quickly became George's podium, his opportunity to expound on everything from the over-use of cell-phones to his personal demons and health issues. To say that George has a way with words is a huge understatement: ..".Little did I realize but every injury that I endured from some bike related mishap that I miraculously walked away from was never really forgotten. All the drunken cartwheels that I experienced when I was launched from my saddle during some drug and alcohol induced stupidity would be held in escrow only to be paid for later down the road..." "George the Painter - A Bathroom Reader," is five years worth of George's columns, roughly 75,000 words - and an additional 48 pages of color photos. And whether the topic is motorcycles, the posers who ride them or his recent trip from Arizona to the East Coast, the prose is entertaining and truly unique. George has a huge following, and after reading just a small sample of his writing, it's easy to see why.
