**One Night Stand**-Jennifer Sucevic 2021-01-10  
From USA Today bestselling author Jennifer Sucevic comes the third standalone novel in the Barnett Bulldogs series- One Night Stand. The moment he slides his muscular arm around my body and pretends to be my boyfriend, I know I'm in trouble. But inviting the guy I can't shake loose home with us for a threesome? Yep, I'm done for. Especially when the guy in question, the one who just can't seem to take no for an answer, all but sprints away as if the hounds of hell are nipping at his heels. Now that it's just the two of us, I can't help but take a closer look at my rescuer. Sexy fauxhawk, rippling muscles, along with swirling patterns of colorful ink that decorate his arms. And my heart... it does this crazy little pitter-patter thing in my chest. There's just one hitch. Actually... it's a pretty big hitch. He's young. Way too young. I'm a twenty-nine-year-old second grade teacher and this guy can't be more than twenty-two. I shouldn't just be walking away- I should be sprinting. But I just can't bring myself to do that. Which is exactly how I end up in his bed at the end of the night. Three orgasms later and I'm sneaking out of his apartment at the crack of dawn. I know that I'm never going to see him again because this was strictly a onetime deal. Although, you know what they say about best laid plans... They never quite work out the way you expect them to. \*This is a mature New Adult novel with strong language and sexual situations intended for readers over the age of 18\*

The authors delve into the history of options pricing; simple strategies of options trading; binomial tree valuation; Black-Scholes option valuation; option sensitivities; risk management and interest rate swaps in this immensely informative yet easy to comprehend work. Using their vast working experience in the financial markets at international investment banks and hedge funds since the late 1990s and teaching derivatives and investment courses at the Master's level, Patrick Boyle and Jesse McDougall put forth their knowledge and expertise in clearly explained concepts. This book does not presuppose advanced mathematical knowledge, though it is presented for completeness for those that may benefit from it, and is designed for a general audience, suitable for beginners through to those with intermediate knowledge of the subject.

**The End of Loneliness**-Benedict Wells 2019-01-29 From internationally bestselling author Benedict Wells, a sweeping novel of love and loss, and of the lives we never get to live "[D]azzling storytelling...The End of Loneliness is both affecting and accomplished -- and eternal."—John Irving Jules Moreau's childhood is shattered after the sudden death of his parents. Enrolled in boarding school where he and his siblings, Marty and Liz, are forced to live apart, the once vivacious and fearless Jules retreats inward, preferring to live within his memories - until he meets Alva, a kindred soul caught in her own grief. Fifteen years pass and the siblings remain strangers to one another,

bound by tragedy and struggling to recover the family they once were. Jules, still adrift, is anchored only by his desires to be a writer and to reunite with Alva, who turned her back on their friendship on the precipice of it becoming more. But, just as it seems they can make amends for time wasted, invisible forces - whether fate or chance - intervene. A kaleidoscopic family saga told through the fractured lives of the three Moreau siblings, alongside a faltering, recovering love story, The End of Loneliness is a stunning meditation on the power of our memories, of what can be lost and what can never be let go. With inimitable compassion and luminous, affecting prose, Benedict Wells contends with what it means to find a way through life, while never giving up hope you will find someone to go with you.

**Geek Nation**-Angela Saini 2011-03-03 India: it's a nation of geeks, swots and nerds. Almost one in five of all medical and dental staff in the UK is of Indian origin, and one in six employed scientists with science or engineering doctorates in the US is Asian. By the turn of the millennium, there were even claims that a third of all engineers in Silicon Valley were of Indian origin, with Indians running 750 of its tech companies. At the dawn of this scientific revolution, Geek Nation is a journey to meet the inventors, engineers and young scientists helping to give birth to the world's next scientific superpower? a nation built not on conquest, oil or minerals, but on the scientific ingenuity of its people. Angela Saini explains how ancient science is giving way to new, and how the technology of the wealthy are passing on to the poor. Delving inside the psyche of India's science-hungry citizens, she explores the reason why the government of the most religious country on earth has put its faith in science and technology. Through witty first-hand reportage and penetrative analysis, Geek Nation explains what this means for the rest of the world, and how a spiritual nation squares its soul with hard rationality. Full of curious, colourful characters and gripping stories, it describes India through its people? a nation of geeks. curious, colourful characters and gripping stories, it describes India through its people? a nation of geeks.

**Photoshop Masking & Compositing**-Katrin Eismann 2012-08-24 Designers, photographers, and artists use Photoshop to create fantastic and

realistic images for illustrations, fine art, and editorial content. Whether they're landscape or portrait photographers, illustrators or fine artists, masking and compositing are essential skills to master for combining images to the extent that it is impossible to tell where one image stops and the other one begins. In this completely revised edition of her best-selling guide to masking and compositing, Photoshop artist and educator Katrin Eismann--along with compositing experts Sean Duggan and James Porto--takes readers through numerous step-by-step examples, highlighting the tools and techniques used for masking and combining images. Featuring work by leading artists and photographers, this book focuses on the techniques used to create compelling compositions, including making fast and accurate selections, mastering Photoshop's masking tools, and implementing the concept and photography from start to finish. The book addresses working with Photoshop's selection tools; selecting and maintaining fine details and edges; and working with difficult image elements, such as cloth, hair, or translucent objects. All-new photographic examples, updated instruction to cover the latest version of Adobe Photoshop, and an expanded section on shooting photographs for composite work make this a must-have guide for anyone interested in photographing and creating professional composite images. Visit [www.peachpit.com/pmc2e](http://www.peachpit.com/pmc2e) to download dozens of the images featured in this book and practice the illustrated techniques with the same files used in the book. Also, download a full, free chapter on how to use the Pen Tool, one of the best selection tools in Photoshop.

**Help! I Work with People**-Chad Veach

2020-08-18 We know leadership isn't exclusive to corner offices and multimillion-dollar budgets--some of the best leaders are the mentors and technicians who are more comfortable behind the scenes. But what if being an effective leader isn't just about having innovative ideas and high levels of productivity? What if becoming a great leader is more about prioritizing self-awareness and people skills than production and performance? Help! I Work with People is not a book about leadership theory, but rather a handbook on how to connect with people and influence them for good. With his signature transparent and relatable storytelling, Chad Veach uses modern research and biblical principles to encourage you to lean into your leadership potential regardless of your level of influence or experience. In short and easily digestible chapters, he addresses the three phases of becoming a quality leader: · learning to lead the hardest person you will ever be in charge of--yourself · recognizing the power of becoming a people person · creating a culture and environment where the team's shared vision can grow People are the most important part of life. Let's learn how to lead as if we like each other.
