But inside the Glass house, everything is spinning out of Jen's control. Her marriage to her husband, Ted, is on the brink of collapse; her fifteen-year-old daughter grows more distant each day; and her five-year-old son barely speaks a word. Jen is on the verge of breaking, but nothing could have prepared her for what is to come.... On an evening that was supposed to be like any other, two men force their way into the Glasses' home, but what begins as a common robbery takes an even more terrifying turn. Held hostage in the basement for more than forty-eight hours, Jen and Ted must put aside their differences if they have any hope of survival. They will stop at nothing to keep their family safe—even if it means risking their own lives. A taut and emotional tale of a family brought together by extraordinary forces, House of Glass is a harrowing exploration of the lengths a mother will go to protect her children, and the power of tragedy to teach us what truly matters. American Spring-Walter R. Borneman 2014-05-06 A vibrant new look at the American Revolution's first months, from the author of the bestseller *The Admirals* When we reflect on our nation's history, the American Revolution can feel almost like a foregone conclusion. In reality, the first weeks and months of 1775 were very tenuous, and a fractured and ragtag group of colonial militias had to coalesce rapidly to have even the slimmest chance of toppling the mighty British Army. *AMERICAN SPRING* follows a fledgling nation from Paul Revere's little-known ride of December 1774 and the first shots fired on Lexington Green through the catastrophic Battle of Bunker Hill, culminating with a Virginian named George Washington taking command of colonial forces on July 3, 1775. Focusing on the colorful heroes John Hancock, Samuel Adams, Mercy Otis Warren, Benjamin Franklin, and Patrick Henry, and the ordinary Americans caught up in the revolution, Walter R. Borneman uses newly available sources and research to tell the story of how a decade of discontent erupted into an armed rebellion that forged our nation.

The Dancing Girls of Lahore-Louise Brown 2009-10-13 The dancing girls of Lahore inhabit the Diamond Market in the shadow of a great mosque. The twenty-first century goes on outside the walls of this ancient quarter but scarcely registers within. Though their trade can be described with accuracy as prostitution, the dancing girls have an illustrious history: Beloved by emperors and nawabs, their sophisticated art encompassed the best of Mughal culture. The modern-day Bollywood aesthetic, with its love of gaudy spectacle, music, and dance, is their distant legacy. But the life of the pampered courtesan is not the one now being lived by Maha and her three girls. What they do is forbidden by Islam, though tolerated; but they are gandi, "unclean," and Maha's daughters, like her, are born into the business and will not leave it. Sociologist Louise Brown spent four years in the most intimate study of the family life of a Lahori dancing girl. With beautiful understatement, she turns a novelist's eye on a true story that beggars the imagination. Maha, a classically trained dancer of exquisite grace, had her virginity sold to a powerful Arab sheikh at the age of twelve; when her own daughter Nena comes of age and Maha cannot bring in the money she once did, she faces a terrible decision as the agents of the sheikh come calling once more.

I'm Feeling Lucky-Douglas Edwards 2011-07-12 A marketing director's story of working at a startup called Google in the early days of the tech boom: "Vivid inside stories . . . Engrossing" (Ken Auletta). Douglas Edwards wasn't an engineer or a twentysomething fresh out of school when he received a job offer from a small but growing search engine company at the tail end of the 1990s. But founders Larry Page and Sergey Brin needed staff to develop the brand identity of their brainchild, and Edwards fit the bill with his journalistic background at the San Jose Mercury News, the newspaper of Silicon Valley. It was a change of pace for Edwards, to say the least, and put him in a unique position to interact with and observe the staff as Google began its rocket ride to the top. In entertaining, self-deprecating style, he tells his story of participating in this moment of business and technology history, giving readers a chance to fully experience the bizarre mix of camaraderie and competition at this phenomenal company. Edwards, Google's first director of marketing and brand management, describes the idiosyncratic Page and Brin, the evolution of the famously nonhierarchical structure in which every employee finds a problem to tackle and works independently, the races to develop and implement each new feature, and the many ideas that never came to pass. *I'm Feeling Lucky* reveals what it's like to be "indeed lucky, sort of an accidental millionaire, a reluctant bystander in a sea of computer geniuses who changed the world. This is a rare look at what happened inside the building of the most important company of our time" (Seth Godin, author of *Linchpin*). "An affectionate, compulsively readable recounting of the early years (1999-2005) of Google . . . This lively, thoughtful business memoir is more entertaining than it really has any right to be, and should be required reading for startup aficionados."

HRC-Jonathan Allen 2014-02-11 The mesmerizing story of Hillary Clinton's political rebirth, based on eyewitness accounts from deep inside her inner circle Hillary Clinton's surprising defeat in the 2008 Democratic primary brought her to the nadir of her political career, vanquished by a much younger opponent whose message of change and cutting-edge tech team ran circles around her stodgy campaign. And yet, six years later, she has reemerged as an even more powerful and influential figure, a formidable stateswoman and the presumed front-runner for the 2016 Democratic presidential nomination, marking one of the great political comebacks in history. The story of Hillary's phoenixlike rise is at the heart of HRC, a riveting political biography that journeys into the heart of "Hillaryland" to discover a brilliant strategist at work. Masterfully unfolded by Politico's

Jonathan Allen and The Hill's Amie Parnes from more than two hundred top-access interviews with Hillary's intimates, colleagues, supporters, and enemies, HRC portrays a seasoned operator who negotiates political and diplomatic worlds with equal savvy. Loathed by the Obama team in the wake of the primary, Hillary worked to become the president's greatest ally, their fates intertwined in the work of reestablishing America on the world stage. HRC puts readers in the room with Hillary during the most intense and pivotal moments of this era, as she mulls the president-elect's offer to join the administration, pulls the strings to build a coalition for his war against Libya, and scrambles to deal with the fallout from the terrible events in Benghazi—all while keeping one eye focused on 2016. HRC offers a rare look inside the merciless Clinton political machine, as Bill Clinton handled the messy business of avenging Hillary's primary loss while she tried to remain above the partisan fray. Exploring her friendships and alliances with Robert Gates, David Petraeus, Leon Panetta, Joe Biden, and the president himself, Allen and Parnes show how Hillary fundamentally transformed the State Department through the force of her celebrity and her unparalleled knowledge of how power works in Washington. Filled with deep reporting and immersive storytelling, this remarkable portrait of the most important female politician in American history is an essential inside look at the woman who may be our next president.

The Teahouse Fire-Ellis Avery 2007-12-04 “Like attending seasons of elegant tea parties—each one resplendent with character and drama. Delicious.”—Maxine Hong Kingston The story of two women whose lives intersect in late-nineteenth-century Japan, The Teahouse Fire is also a portrait of one of the most fascinating places and times in all of history—Japan as it opens its doors to the West. It was a period when wearing a different color kimono could make a political statement, when women stopped blackening their teeth to profess an allegiance to Western ideas, and when Japan's most mysterious rite—the tea ceremony—became not just a sacramental meal, but a ritual battlefield. We see it all through the eyes of Aurelia, an American orphan adopted by the Shin family, proprietors of a tea ceremony school, after their daughter, Yukako, finds her hiding on their grounds. Aurelia becomes Yukako's closest companion, and they, the Shin family, and all of Japan face a time of great challenges and uncertainty. Told in an enchanting and unforgettable voice, The Teahouse
