A History of the Amish-Steven M. Nolt 2016-02-02 The Amish, one of America's most intriguingly private, unique, and often misunderstood religious communities, have survived for three hundred years! How has that happened? While much has been written on the Amish, little has been revealed about their history. This book brings together in one volume a thorough history of the Amish people. From their beginnings in Europe through their settlement in North America, the Amish have struggled to maintain their beliefs and traditions in often hostile settings. Now updated, the book gives an in-depth look at how the modern Amish church continues to grow and change. It covers recent developments in new Amish settlements, the community's conflict and negotiation with government, the Nickel Mines school shooting, and the media's constant fascination with this religious people, from reality TV shows to romance novels. Authoritative, thorough, and interestingly written, A History of the Amish presents the deep and rich heritage of the Amish people with dozens of illustrations and updated statistics. Skyhorse Publishing, as well as our Arcade imprint, are proud to publish a broad range of books for readers interested in history—books about World War II, the Third Reich, Hitler and his henchmen, the JFK assassination, conspiracies, the American Civil War, the American Revolution, gladiators, Vikings, ancient Rome, medieval times, the old West, and much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.

Lancaster Central Market Cookbook-Phyllis Good 2015-09-01 Central Market, just off the main square in the city of Lancaster, Pennsylvania, is the oldest continually operating farmer's market in the US. It absolutely bursts with life every Tuesday, Friday, and Saturday of the year, when it throws open its doors to its loyal shoppers. The stand holders are a mix of local organic farmers, truck-patch gardeners, bakers, butchers, cheese-makers, and cooks from local kitchens who bring their fully prepared foods to sell. Twenty-five years ago, a second-generation stand holder began writing down favorite recipes of the food she sold. She urged other stand holders to do the same (many did not cook from written recipes), and they brought together three hundred of their very best dishes. The collection became The Central Market Cookbook, and it sold wildly. New York Times–bestselling cookbook author Phyllis Good, who shops every week at Central Market, is the author of the cherished, and now updated, Lancaster Central Market Cookbook, 25th Anniversary Edition. The new book includes original favorites plus new recipes from today's stand-holders. The 350-plus recipes range from pumpkin cream soup to Susquehanna Riverman's Pot Pie, from lamb balls with sour cream and capers to scallops and pasta romano, from espresso mousse to strawberry snowbank pie. Whether you visit the market or not, you can now enjoy its delectable food! The Little Book of Restorative Discipline for Schools-Lorraine Stutzman Amstutz 2015-01-27 Can community-building begin in a classroom? The authors of this book believe that by applying restorative justice at school, we can build a healthier and more just society. With practical applications and models. Can an overworked teacher possibly turn an unruly incident with students into an "opportunity for learning, growth, and community-building"? If restorative justice has been able to salvage lives within the world of criminal behavior, why shouldn't its principles be applied in school classrooms and cafeterias? And if our children learn restorative practices early and daily, won't we be building a healthier, more just society? Two educators answer yes, yes, and yes in this new addition to The Little Books of Justice and Peacebuilding series. Amstutz and Mullet offer applications and models. "Discipline that restores is a process to make things as right as possible." This Little Book shows how to get there.

That Dorky Homemade Look-Lisa Boyer 2015-01-27 Fed up with feeling like you can't meet the standards of the Quilt Police? Do you want to quilt for comfort and pleasure -- and not to win some high-falutin' quilting contest? Weary of worrying about what others will think of your color choices -- or your pieced points? Or your applique stitches? That Dorky Homemade Look: Quilting Lessons from a Parallel Universe is the quilting companion you've been wishing for. Lisa Boyer, a popular columnist for Quilting Today magazine, gives you permission to quilt because you love it. She clears your path of all those merciless judgments pronounced by the Quilting Queens. She invites you to make quilts that are full of life. This funny book offers these nine principles for the 20 million quilters in America: 1. Pretty fabric is not acceptable. Go right back to the quilt shop and exchange it for something you feel sorry for. 2. Realize that patterns and templates are only someone's opinion and should be loosely translated. Personally, I've never thought much of a person who could only make a triangle with three sides. 3. When choosing a color plan for your quilt, keep in mind that the colors will fade after a hundred years or so. This being the case, you will need to start with really bright colors. 4. You should plan on cutting off about half your triangle or star points. Any more than that is showing off. 5. If you are doing applique, remember that bigger is dorkier. Flowers should be huge. Animals should possess really big eyes. 6. Throw away your seam ripper and repeat after me: "Oops. Oh, no one will notice." 7. Plan on running out of border fabric when you are three-quarters of the way finished. Complete the remaining border with something else you have a lot of, preferably in an unrelated color family. 8. You should be able to quilt equally well in all directions. I had to really work on this one. It was difficult to make my forward stitching look as bad as my backward stitching, but closing my eyes helped. 9. When you have put your last stitch in the binding, you are still only half finished. Your quilt must now undergo a thorough conditioning. Give it to someone you love dearly—to drag around the house, wrap up in, spill something on, and wash and dry until it is properly lumpy. "No reason not to have quilting be a pleasure", says Lisa Boyer, who has as firm a grip on her sense of humor as she does on her quilting needles. "If we didn't make Dorky Homemade quilts, all the quilts in the world would end up in the Beautiful Quilt Museum, untouched

and intact. Quilts would just be something to look at. We would forget that quilts are lovable, touchable, shreddable, squeezable, chewable, and huggable -- made to wrap up in when the world seems to be falling down around us."

Little Book of Trauma Healing-Carolyn Yoder 2015-01-27 Following the staggering events of September 11, 2001, the Center for Justice and Peacebuilding at Eastern Mennonite University was asked to help, along with Church World Service, to equip religious and civil leaders for dealing with traumatized communities. The staff and faculty proposed Strategies for Trauma Awareness and Resilience (STAR) programs. Now, STAR director, Carolyn Yoder, has shaped the strategies and learnings from those experiences into a book for all who have known terrorism and threatened security. A startlingly helpful approach. A title in The Little Books of Justice and Peacebuilding Series.
