Total Control-Lee Parks 2015-01-15 A completely revised version of one of the best-selling motorcycle riding skills books of all time. Today's super high-performance bikes are the most potent vehicles ever sold to the public and they demand advanced riding skills. Get it right, and a modern motorcycle will provide you with the thrill of a lifetime; get it wrong and you'll be carted off in a meat wagon. The line between ecstasy and agony is so thin that there is absolutely no margin for error. Total Control provides you with the information you need to stay on the healthy side of that line, providing a training course developed and perfected through decades of professional training in Lee Parks' Total Control Advanced Riding Clinic. This is the perfect book for riders who want to take their street riding skills to a higher level. Total Control explains the ins and outs of high-performance street riding. Lee Parks, one of the most accomplished riders, racers, authors and instructors in the world, helps riders master the awe-inspiring performance potential of modern motorcycles. This book gives riders everything they need to develop the techniques and survival skills necessary to become a proficient, accomplished, and safer street rider. High quality photos, detailed instructions, and professional diagrams highlight the intricacies and proper techniques of street riding and the knowledge gained will apply to all brands of bikes from Harley-Davidson and Suzuki to Ducati and Kawaski to Honda and BMW and more! Readers will come away with a better understanding of everything from braking and cornering to proper throttle control, resulting in a more exhilarating yet safer ride.

The Longest Ride-Emilio Scotto 2013-12-08 For his eighth birthday, Emilio Scotto received a World Atlas. Promptly he announced his plan to make a route that would pass through all the countries of the world, a route he named BLUE ROAD ONE. When, some years later, he found himself astride a black 1100 Honda Gold Wing motorcycle, Blue Road One beckoned, and Scotto set off on a journey that would last more than a decade, take him virtually everywhere in the world, and land him in the Guinness Book of World Records. This is his story, a thrill ride that begins in his native Argentina, crosses Panama in the tumultuous time of Noriega, Mexico in the midst of an earthquake, and finds him broke in L.A. where, in a chance meeting, Muhammad Ali gives him fifty dollars and a signed book. Breaching the Iron Curtain, crossing the Berlin Wall at Checkpoint Charlie, being blessed by the Pope, set upon by cannibals in Sierra Leone, fleeing Somalia on a freighter, Scotto's adventures would be unbelievable if they weren't true. His tale of touring the world from Tunisia to Turkey, Petra to Afghanistan, Yugoslavia to Singapore, traveling miles enough to take him to the moon and back, is unlike any ever told. Come along, for the ride of a lifetime.

Braxton Bragg-Earl J. Hess 2016-09-02 As a leading Confederate general, Braxton Bragg (1817–1876) earned a reputation for incompetence, for wantonly shooting his own soldiers, and for losing battles. This public image established him not only as a scapegoat for the South's military failures but also as the chief whipping boy of the Confederacy. The strongly negative opinions of Bragg's contemporaries have continued to color assessments of the general's military career and character by generations of historians. Rather than take these assessments at face value, Earl J. Hess's biography offers a much more balanced account of Bragg, the man and the officer. While Hess analyzes Bragg's many campaigns and battles, he also emphasizes how his contemporaries viewed his successes and failures and how these reactions affected Bragg both personally and professionally. The testimony and opinions of other members of the Confederate army—including Bragg's superiors, his fellow generals, and his subordinates—reveal how the general became a symbol for the larger military failures that undid the Confederacy. By connecting the general's personal life to his military career, Hess positions Bragg as a figure saddled with unwarranted infamy and humanizes him as a flawed yet misunderstood figure in Civil War history.

Painting Light and Shadow in Watercolor-William B. Lawrence 2019-09-18 Push your watercolor painting to the next level by designing with shapes, shadows, and highlights. In Times Gone By (Golden Gate Secrets Book #3)-Tracie Peterson 2018-09-04 After getting left at the altar, Kenzie Gifford flees to San Francisco to start her life over, determined never to love again. She's made new friends and has a good job in the office of her cousin's chocolate factory. The only thorn in her side is Dr. Micah Fisher, who insists on pursuing her despite her constant rejection. Then the Great 1906 Earthquake strikes the city, and everything changes. The devastation all around her makes Kenzie reevaluate her outlook on life--and possibly even her feelings for Micah. But then her world is rocked again when her ex-fiancé appears, full of apologies and determined to win her back. But Arthur already broke her heart once. Does she dare trust him again? The sudden arrival of a hidden danger will expose the motivations of all involved, but it could cost Kenzie her life--as well as her heart.

The Remedy-Pascal Dennis 2010-06-24 Winner of the Shingo Prize for Excellence in Quality Improvement -From the Shingo judges: This work has an extremely widespread application as the tools, techniques, and methods described are at a level that achieves the goals of Lean and operational excellence without tying them down to a specific industry or work stream. The book provides practical knowledge for lean champions, managers, and executives driving toward operational excellence enterprise-wide. The story format, and the presentation of this material was excellent, and the avoidance of lean and operational excellence jargon gives the book a wide appeal...it is a pleasure to read. The Sequel to the Influential “Lean” Business Novel Andy & Me The Remedy is a compelling a business fable that shows how Lean quality improvement business practices—traditionally associated with manufacturing--can dramatically improve the service areas of your business-including design, engineering, sales, marketing and all processes in between. Written by Pascal Dennis, a leading Lean consultant, the story follows Tom Pappas and Rachel Armstrong,

senior leaders at a desperate automotive company as they try to implement a Lean management system across an entire platform, the Chloe, a breakthrough "green" car. The future of the company is at stake. Can Tom and Rachel, supported by Andy Saito, a retired, reclusive Toyota executive, regain the trust and respect of the customer? Can a venerable but dying company implement Lean practices to every part of their business and learn a new, more effective way of managing? Shows you how to use the Lean quality improvement method to fix not just a manufacturing system, but an entire company, including management, design, marketing, and supply chain Written by Pascal Dennis, author of four books on Lean practices and winner of the coveted Shingo Prize for outstanding research contributing to operational excellence Originally developed by Toyota, the Lean approach to quality improvement has gained a worldwide following and helped turn around enumerable struggling businesses

The Art of Theatre: A Concise Introduction-William Missouri Downs 2012-01-01 THE ART OF THEATRE: A CONCISE INTRODUCTION, Third Edition, explores issues of cultural diversity and creativity, presents a full day-in-the-life of theatre, and offers briefer coverage of theatre history. Timely and relevant connections between theatre and the familiar world of television and film help students understand how the living art of theatre relates to and influences today's screen entertainment. For flexibility in the way you teach, THE ART OF THEATRE is available in two versions. This Concise version contains 12 chapters, paring back historical coverage to one chapter on theatre's key movements (such as realism and absurdism) and then offers one chapter featuring musical theatre. THE ART OF THEATRE: THEN AND NOW contains 17 chapters, including six chapters covering theatre history in Western and non-Western contexts, and concluding with a chapter on musical theatre. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Manipulation of the Spine, Thorax and Pelvis-Peter Gibbons 2010 This highly illustrated, step-by-step guide gives detailed instructions for dozens of different

manipulation techniques, covering all levels of the spine, thorax, and pelvis. It also includes a helpful overview of the principles and theory of spinal manipulation and its use in clinical practice. The accompanying DVD contains video clips demonstrating the techniques described in the book. The new edition is a highly illustrated, step-by-step guide to 41 manipulation techniques commonly used in clinical practice. The book also provides the related theory essential for safe and effective use of manipulation techniques.
