Your Body on Carbohydrates-Alexis Burling 2019-08 Carbohydrates give the body energy. They are in many foods people eat each day. But some carbohydrates are healthier than others. Your Body on Carbohydrates uncovers the nutritional benefits of carbohydrates, how they interact with the body, and how to include them as part of a balanced diet. Easy-to-read text, vivid images, and helpful back matter give readers a clear look at this subject. Features include a table of contents, infographics, a glossary, additional resources, and an index. Aligned to Common Core Standards and correlated to state standards. Core Library is an imprint of Abdo Publishing, a division of ABDO.

The Right to Leave and Return and Chinese Migration Law-Guofu Liu 2007 Although the Right to Leave and Return (RLR) is a fundamental human right, each State has the sovereign right to regulate RLR in accordance with its own laws. In the case of China, the country's communist political system has significantly affected the development of RLR and the country's approach to it. As a rule, China's approach is restrictive. As part of its reform and 'opening up' policies, China has embarked on a range of reforms to liberalise RLR, but the reforms lack cohesion and focus, and remain restrictive. Given its past and its complex social and economic conditions, China may have some justifications for its approach, but on balance, has more to gain from adopting a more liberal approach. The issue of RLR in China is crucial both for the future of China, and for development of RLR in the world. "The Right to Leave and Return (RLR) and Chinese Migration Law" provides a comprehensive and systematic review of the RLR in international and Chinese migration law. It has been written on the basis of Chinese statutes pertinent to the RLR, also of relevant international instruments and key cases. It investigates RLR in international migration law and practice; analyses RLR in the context of China, and identifies its driving factors; investigates the conditions and practical concerns relevant to the protection of RLR; and concludes with recommendations on how the Chinese regulatory regime governing RLR can be improved.

Counseling Students-Preston K. Munter 1988 This insightful volume is a result of the authors' extensive professional experience both in direct counseling positions and as faculty members of the prestigious Northfield and Fountain Valley Centers for training teachers as counselors. Although emanating from a private school experience, the book is universally applicable in school settings. The principles and recommendations are highly sensitive to the contemporary educational environment and the needs of today's students. Choice The Northfield-Fountain Valley Counseling Institutes, founded by faculty from the Harvard University Health Services, have developed a highly successful, widely respected, and proven program for training teachers as counselors. The Institutes are committed to helping teachers develop, improve, and broaden counseling skills--a process that expands their role as teachers and enhances their work with students. The Institutes' creative and evocative program is, with modifications appropriate to the setting, applicable in all secondary schools. This insightful volume, written by faculty members themselves, brings together principles and concepts taught at the Institutes.

The book is founded on principles that, when applied, expand the teacher's understanding of the counseling relationship as it properly relates to education. Counseling Students conveys a distinguished faculty's years of experience and a commitment to and enthusiasm for the views counseling as an on-going process in which the teacher, with professional objectivity and controlled empathy, interacts with students to help them understand concerns and emotions that may impede personal development or threaten academic progress. Counseling Students is a particularly valuable resource for teachers, guidance professionals, and administrators and will be an indispensable guide for strengthening counseling and in-service training programs for teachers.

An Address, Delivered Before The Was-Ah Ho-De-No-Son-Ne Or New Confederacy Of The Iroquois Also, Genundewah, A Poem-Henry R. Schoolcraft 2019-07-08 An Address, Delivered Before The Was-Ah Ho-De-No-Son-Ne Or New Confederacy Of The Iroquois Also, Genundewah, A Poem This book is a result of an effort made by us towards making a contribution to the preservation and repair of original classic literature. In an attempt to preserve, improve and recreate the original content, we have worked towards: 1. Type-setting & Reformatting: The complete work has been re-designed via professional layout, formatting and type-setting tools to re-create the same edition with rich typography, graphics, high quality images, and table elements, giving our readers the feel of holding a 'fresh and newly' reprinted and/or revised edition, as opposed to other scanned & printed (Optical Character Recognition - OCR) reproductions. 2. Correction of imperfections: As the work was re-created from the scratch, therefore, it was vetted to rectify certain conventional norms with regard to typographical mistakes, hyphenations, punctuations, blurred images, missing content/pages, and/or other related subject matters, upon our consideration. Every attempt was made to rectify the imperfections related to omitted constructs in the original edition via other references. However, a few of such imperfections which could not be rectified due to intentional/unintentional omission of content in the original edition, were inherited and preserved from the original work to maintain the authenticity and construct, relevant to the work. We believe that this work holds historical, cultural and/or intellectual importance in the literary works community, therefore despite the oddities, we accounted the work for print as a part of our continuing effort towards preservation of literary work and our

contribution towards the development of the society as a whole, driven by our beliefs. We are grateful to our readers for putting their faith in us and accepting our imperfections with regard to preservation of the historical content. HAPPY READING!

Fluid Web Typography-Jason Cranford Teague 2009-11-24 The type that designers use can say as much to their audience as the actual words on the page. But until now, Web designers have had an extremely limited palette of typefaces from which to choose -- essentially, Arial (yawn), Times (yawn), and Georgia (yawwwwww). Design is about overcoming the limitations of a medium, and Web design is no different. In this book, Jason shows Web designers how to apply the principles of fluid typography, Web-safe fonts, downloaded fonts, and type on images to create robust scalable designs without resorting to type in images or Adobe Flash.

Winters Heat-Cristin Harber 2013-09-21 A WOMAN ON A MISSION After putting her life on the line to protect classified intelligence, military psychologist Mia Kensington is on a cross-country road trip from hell with an intrusive save-the-day hero. Uninterested in his white knight act, she'd rather take her chances without the ruggedly handsome, cold-blooded operative who boasts an alpha complex and too many guns. AND THE MAN SENT TO STOP HER Colby Winters, an elite member of The Titan Group, has a single objective on his black ops mission: recover a document important to national security. It was supposed to be an easy in-and-out operation. But now, by any means necessary becomes a survival mantra when he faces off with a stunning woman he can't leave behind. MUST PARTNER TO SURVIVE When Titan's safe houses are compromised, Colby stashes Mia at his home, exposing his secret?he's the adoptive father of an orphaned baby girl. Too soon, danger arrives and Mia lands in the hands of a sadistic cartel king with a taste for torture. As hours bleed into fear-drenched days, Colby races across the globe and through a firestorm of bullets to save the woman he can't live without. If they make it out alive, can he reconcile duty and desire? Does Mia trust her heart to a man who willingly walks into kill-zones?

Opening the Door to Your God-Sized Dream-Holley Gerth 2013-09-15 With the encouraging help of Holley Gerth, women are discovering and recovering their God-sized dreams. But between taking those first steps in pursuit of your dream and reaching your goal is a bumpy road of second-guessing, doubt, and fear. For the dreamer who wants a helping hand and a heartfelt friend along the way, Holley graciously offers this inspiring devotional journey to greater trust, joy, and confidence. Rather than the typical quiet devotional, this 40-day journey is an invitation and a challenge, a soul-soother and a game-changer. Through honest self-reflection and positive action, readers will not be the same on the last page as they were on the first--and neither will their view of God or the dreams he's placed within their hearts. Any woman who is ready to take that next step in making her God-sized dream a reality will cherish this confidence-building devotional.

The Culture of Piracy, 1580-1630-Claire Jowitt 2016-12-05 Listening to what she terms 'unruly pirate voices' in early modern English literature, in this study Claire Jowitt offers an original and compelling analysis of the cultural meanings of 'piracy'. By examining the often marginal figure of the pirate (and also the sometimes hard-to-distinguish privateer) Jowitt shows how flexibly these figures served to comment on English nationalism, international relations, and contemporary politics. She considers the ways in which piracy can, sometimes in surprising and resourceful ways, overlap and connect with, rather than simply challenge, some of the foundations underpinning Renaissance orthodoxies-absolutism, patriarchy, hierarchy of birth, and the superiority of Europeans and the Christian religion over other peoples and belief systems. Jowitt's discussion ranges over a variety of generic forms including public drama, broadsheets and ballads, prose romance, travel writing, and poetry from the fifty-year period stretching across the reigns of three English monarchs: Elizabeth Tudor, and James and Charles Stuart. Among the early modern writers whose works are analyzed are Heywood, Hakluyt, Shakespeare, Sidney, and Wroth; and among the multifaceted historical figures discussed are Francis Drake, John Ward, Henry Mainwaring, Purser and Clinton. What she calls the 'semantics of piracy' introduces a rich symbolic vein in which these figures, operating across different cultural registers and appealing to audiences in multiple

ways, represent and reflect many changing discourses, political and artistic, in early modern England. The first book-length study to look at the cultural impact of Renaissance piracy, *The Culture of Piracy, 1580-1630* underlines how the figure of the Renaissance pirate was not only sensational, but also culturally significant. Despite its transgressive nature, piracy also comes to be seen as one of the key mechanisms which served to connect peoples and regions during this period.

Creating Sketchbooks for Embroiderers and Textile Artists-Kay Greenlees 2005-08-30 Today the embroiderer's sketchbook, ideas book or journal embraces a range of exciting possibilities. It includes initial concept material, design, colour work, textile samples, stitches and three-dimensional pieces. Raising Cats Naturally-Michelle T. Bernard 2004-02-01 It's about time we had a book like this. Michelle Bernard has a rare gift for putting in plain words extraordinarily effective and levelheaded ways to properly care for cats. Steering clear of faddish, dangerous trends-and dissecting the oodles of misinformation that has regrettably become the norm in mainstream advice on animal nutrition-she shines most conspicuously on the issue of a proper feline diet. By giving the reader a common-sense, straightforward strategy for preparing a diet that is based solely on the nutritional requirements of true carnivores, her book is a must-have for anyone committed to building and maintaining glowing good health for cats. Bernard's work on all aspects of caring naturally for cats is based on years of meticulous research and hands-on experience, yet she translates her knowledge into simple, common sense guidelines that anyone can understand and put to use. Her eloquent explanation of homeopathy demystifies this splendid, ancient healing art that is so marvelously suited to cats, giving the reader a valuable awareness about how to build and nurture a cat's health from the inside out. This alone is a refreshing and most welcome approach given the routine over-medication and over-vaccination of cats. If you love your cat, read this book. All of it.

You're Made for a God-Sized Dream-Holley Gerth 2013-03-01 We all long to live with more purpose, passion, and joy. Yet in the middle of our hectic lives, the God-sized dreams that have the potential to lead us into all God has planned for us are the ones that tend to get lost. With her intimate, approachable style and constant encouragement, popular blogger and author Holley Gerth invites women to rediscover the big dreams God has given them--and then dare to pursue them. With the enthusiasm and honesty that we all want from our closest friend, Holley encourages women to overcome excuses--too busy, too late, too far out of my comfort zone--and believe that their God-sized dreams can become reality. She takes readers by the heart and says, "Yes! You can do this! Let's go!" and then guides them forward with a loving hand. A licensed counselor and certified life coach, Holley insightfully combines inspiration with practical application in this positive book.

Emancipating Alice-Ada Winder 2014-08-06 Homemaker Alice Owens returns from a routine grocery-shopping trip to find her husband, George, slumped over their kitchen table, as dead as her love for him. Glad her strangled life with him has ended, she prepares for the arrival of her adult children--a daughter who hates her, and a needy son--who will inevitably show up for the funeral. But while cleaning out George's belongings, Alice stumbles across enigmatic documents linking him to an African-American charity, and a heinous crime committed over thirty years prior. Alice grapples not only with memories of her marriage's turbulent past, but with murder and infidelity from George's secret double life pushing themselves into her present. Will Alice finally gain the freedom she's always desired? Or will George's secrets take her over the edge?

The Ethics of Anthropology and Amerindian Research-Richard J. Chacon 2011-12-15 The decision to publish scholarly findings bearing on the question of Amerindian environmental degradation, warfare, and/or violence is one that weighs heavily on anthropologists. This burden stems from the fact that documentation of this may render descendant communities vulnerable to a host of predatory agendas and hostile modern forces. Consequently, some anthropologists and community advocates alike argue that such culturally and socially sensitive, and thereby, politically volatile information regarding Amerindian-induced environmental degradation and warfare should not be reported. This admonition presents a conundrum for anthropologists and other social scientists employed in the academy or who work at the behest of tribal entities. This work documents the various ethical dilemmas that confront anthropologists, and researchers in general, when investigating Amerindian communities. The contributions to this volume explore the ramifications of reporting--and, specifically,--of non-reporting instances of environmental degradation and warfare among Amerindians. Collectively, the contributions in this volume, which extend across the disciplines of archaeology, anthropology, ethnohistory, ethnic studies, philosophy, and medicine, argue that the non-reporting of environmental mismanagement and violence in Amerindian communities generally harms not only the field of anthropology but the Amerindian populations themselves.

The Book of Romance (1902) (Illustrated) by Andrew Lang-Andrew Lang 2016-01-27 Andrew Lang (31 March 1844 - 20 July 1912) was a Scottish poet, novelist, literary critic, and contributor to the field of anthropology. He is best known as a collector of folk and fairy tales. The Andrew Lang lectures at the University of St Andrews are named after him Lang was born in Selkirk. He was the eldest of the eight children born to John Lang, the town clerk of Selkirk, and his wife Jane Plenderleath Sellar, who was the daughter of Patrick Sellar, factor to the first duke of Sutherland. On 17 April 1875, he married Leonora Blanche Alleyne, youngest daughter of C. T. Alleyne of Clifton and Barbados. She was (or should have been) variously credited as author, collaborator, or translator of Lang's Color/Rainbow Fairy Books which he edited.

Biodegradable Polymers and Plastics-Emo Chiellini 2012-12-06 Synthetic and semi-synthetic polymeric materials were originally developed for their durability and resistance to all forms of degradation including biodegradation. Such materials are currently widely accepted because of their ease of processability and amenability to provide a large variety of cost effective items that help to enhance the comfort and quality of life in the modern industrial society. However, this widespread utilization of plastics has contributed to a serious plastic waste burden, and the expectation for the 21st century is for an increased demand for polymeric material. This volume focuses on a more rational utilization of resources in the fabrication, consumption and disposal of plastic items, specifically: -Environmentally Degradable Polymeric Materials (EDPs); -Water-soluble/Swellable Biodegradable Polymers; -EDPs from Renewable Resources; -Biopolymers; -Bioresorbable Materials for Biomedical Applications; -Biorelated Polymers; -Standards and Regulations on EDPs.

Forecasting the Environmental Fate and Effects of Chemicals-Philip S. Rainbow 2001-05-25 Forecasting the Environmental Fate and Effects of Chemicals is the first book to address specifically the issue of forecasting in environmental toxicology and chemistry from a methodological, regulatory and practical perspective. It is becoming increasingly important for environmental toxicologists and chemists to be able to forecast the fate and effects of chemicals by using existing information to predict the future. Providing a unique and timely opportunity for active researchers and students to obtain in a single volume the 'state of the art' in this expanding field, this text discusses how forecasts can be made by: * using ecotoxicological endpoints at different levels of biological organisation * measuring and modelling chemical fate in biotic and abiotic environments * adopting difference quantitative frameworks Written by an international team of scientists, this text will be essential reading for postgraduate and advance undergraduate students studying ecotoxicology, toxicology, chemistry and environmental statistics aswell as industrial and academic research scientists in environmental toxicology, environmental chemistry and those involved in risk management.

Finding God in The Shack-Randal Rauser 2009-03-03 What would it be like to lose your youngest child to a serial killer? And then to have God invite you out for a conversation at the very shack where the terrible deed took place? And then imagine that the door to that shack of horrors opened . . . and before you knew it you had been swept up in the motherly embrace of a large African American woman? This most unlikely of stories, as told in William Young's The Shack, has become a runaway bestseller, and now a major motion picture, and it is easy to see why. But even as lives have been transformed through this book, other readers have sternly denounced it as a hodgepodge of serious theological error, even heresy. With one pastor urging his congregation to read it and another forbidding his congregation to, many Christians have simply been left confused. Aware both of the excitement and uncertainty generated by The Shack, theologian Randal Rauser takes the reader on a fascinating journey through the pages of the story. In successive chapters he explores many of the book's complex and controversial issues. Thus he explains why God the Father is revealed as an African American woman, he defends the book's theology of the Trinity against charges of heresy and he considers its provocative denial of a Trinitarian hierarchy. But at its heart The Shack is a response to evil and so Rauser spends the final three chapters considering the book's explanation for why God allows evil, how the atoning work of Christ offers new hope for a suffering world and ultimately how this hope extends to all of creation. Through these chapters Rauser offers an honest and illuminating discussion which opens up a new depth to the conversation while providing the reader with new opportunities for Finding God in The Shack.
