O. Henry Prize Stories 2007-Laura Furman 2008-11-19 An arresting collection of contemporary fiction at its best, these stories explore a vast range of subjects, from love and deception to war and the insidious power of class distinctions. However clearly spoken, in voices sophisticated, cunning, or na've, here is fiction that consistently defies our expectations. Selected from thousands of stories in hundreds of literary magazines, the twenty prize-winning stories are accompanied by essays from each of the three eminent jurors on which stories they judged the best, and observations from all twenty prizewinners on what inspired them. "The Room" William Trevor "The Scent of Cinnamon" Charles Lambert "Cherubs" Justine Dymond "Galveston Bay, 1826" Eddie Chuculate "The Gift of Years" Vu Tran "The Diarist" Richard McCann "War Buddies" Joan Silber "Djamilla" Tony D'Souza "In a Bear's Eye" Yannick Murphy "Summer, with Twins" Rebecca Curtis "Mudder Tongue" Brian Evenson "Companion" Sana Krasikov "A Stone House" Bay Anapol "The Company of Men" Jan Ellison "City Visit" Adam Haslett "The Duchess of Albany" Christine Schutt "A New Kind of Gravity" Andrew Foster Altschul "Gringos" Ariel Dorfman "El Ojo de Agua" Susan Straight "The View from Castle Rock" Alice Munro From the Trade Paperback edition.

The UK Pesticide Guide 2020-Martin A. Lainsbury 2020 By far the biggest change to The UK Pesticide Guide in 2020 is the loss of a number of active ingredients that have been fundamental to many crop protection programmes. The final use-up of chlorothalonil formulations; propiconazole, fenpropimorph, chloridazon and diquat occurs in 2020 but there are also a few exciting new additions. Aclonifen is a new residual herbicide for use in potatoes that already has a number of EAMUs for use in minor crops. BASF is launching its new triazole, mefentriflucanazole, which promises to restore full triazole activity, at least initially. On the insecticide front the new active ingredient from Corteva agriscience, sulfoxaflor, is now listed for use in Cucurbitae and ornamentals under full protection for control of aphids and whitefly.

Painting Miniature Female Figures-Andrea Press 2006-08-01 Painting miniatures, though a relatively small sector, is one of the most widespread hobbies throughout the world. The modellers and painters prefer mainly military figures and model vehicles, closely followed by fantasy figures. However, painting female figures presents an alternative to these, taking second place among the preferences of many painters, perhaps due to a lack of knowledge or the difficulty it presents. From now on and thanks to this publication, all this is history.When painting a female figure, one should simply be familiar with the appropriate techniques in order to obtain the picturesque effects that portray finesse, avoiding sharp lights and shadows used on military figures. Airbrush techniques, almost always feared by the majority of painters, provide really surprising finishes that can later be applied to other types of tasks.The sensuality, glamour and eroticism that occasionally accompany female figures cannot be forgotten, making this publication an essential guide for overcoming the fear of this type of figure painting that can provide great satisfaction once the pieces are finished. This is undoubtedly a new style that breaks away from traditional techniques that are repeated in conventional figure painting.The publication is designed in a very visual way, accompanying the reader with brief and concise explanations on the use of different techniques, illustrative step-by-step processes. The examples described include how to paint figures ranging from 30mm fantasy miniatures to large scale figures, as well as specific techniques for simulating skin, hair, lips and everything that comprises the female figure as a whole, in which sensuality is a key factor.

The Genius Files #4: From Texas with Love-Dan Gutman 2014-01-28 The wackiest road trip in history continues in book four of the New York Times bestselling Genius Files series, following twins Coke and Pepsi as they dodge villains and visit weird-but-true landmarks from Texas all the way to Roswell, New Mexico! Defense Contracting- 2008 In 2007, the Department of Defense (DOD) paid contractors \$158.3 billion for a range of services, including contract specialists. To better understand the use of contractors in this role, GAO initiated a case study, under the authority of the Comptroller General, at the Army Contracting Agency's (ACA) Contracting Center of Excellence (CCE). GAO determined (1) the extent to which and why CCE relies on contractor contract specialists, (2) how risks of contractor use are mitigated, (3) how the cost of the contractors compares to that for CCE's government employees, and (4) whether the contract vehicles were appropriate. GAO reviewed a random sample of contract files to understand the contractors' duties and responsibilities, compared compensation costs, and reviewed documents from the General Services Administration (GSA), under whose contracts CCE ordered the contract specialists.
