The Life I Left Behind-Colette McBeth 2015-02-24 Six years ago, Melody Pieterson was attacked and left for dead. Only a chance encounter with a dog walker saved her life. Melody's neighbor and close friend David Alden was found guilty of the crime and imprisoned, and the attack and David's betrayal of her friendship left Melody a different person. She no longer trusts her own judgment, she no longer trusts her friends. In fact, she no longer really has any friends. She's built a life behind walls and gates and security codes; she's cloistered herself away from the world almost entirely. And then, soon after David is released from prison, Eve Elliot is murdered in an attack almost identical to Melody's. With the start of a new police investigation, Melody is suddenly pulled from her ordered, secluded life and back into the messy world around her. But as she learns more about Eve's murder, Melody starts to wonder if perhaps David hadn't betrayed her after all...if perhaps the killer is someone else entirely, someone who's still out there, preparing to strike again. Narrated alternately by Melody and by Eve's lingering ghost, The Life I Left Behind is a taut thriller and an intimate look at two young women bound together in ways neither of them could ever have predicted. Colette McBeth has proven once again that she is a master of suspense.

Identity Thief-Jon P. Bloch 2014-09-01 Like snowflakes, no two of us are alike. Each of us lives through our own private movie camera called a self. Like many people, I?ve wondered who I am, or what if I were someone else. Then I became a victim of identity theft, and I realized the self is more than just how I feel inside. It also is my name, credit cards, and computer passwords. I am a firm believer in making lemonade out of a lemon, so I wrote a novel called Identity Thief. It is totally fictional and not at all the story of me. I am a much more ordinary person than the greedy, corrupt, sex-crazed people in the book. But I was fascinated by how identity theft can change the lives of both the victim and the thief. In fact, you may like the thief more than the victim. He is not a very nice guy. Interesting, but not nice. As the story snowballs dangerously down the hill, I learned right along with my characters about the mystery of the self. How we can lose ourselves, or turn into other people. And how this can lead to duplicity, blackmail, murder . . . well, I don?t want to spoil the surprises. But Identity Thief will keep you guessing until the last word. And next time you look in the mirror, you may want to make sure you look twice.

Nie begegnete ich in dem Gange zu meinem Zimmer irgend jemandem. Die Türen waren stets fest verschlossen, und nie drang ein Ton hinter ihnen hervor. Ich glaubte nicht anders, als ich wohne völlig allein an diesem Gange mit meiner Wirtin, übrigens dachte ich nicht weiter darüber nach, da ich nie belästigt wurde."
