Revolvers, pistols, rifles, and shotguns are also shown separately, in addition to NRA Antique Condition Factors.

The Gun Digest Book of Assault Weapons-

Jack Lewis 2000-01-01 This is the latest word on true assault weaponry in use today by international military and law enforcement organisations. The authors report on the changing mission of these weapons and then test many of them during the preparation of exclusive performance reports. Students of the world's assault weaponry will find fresh information on trends and applications, as well as discussion and evaluation of the very latest firearms: Rifles,

Submachine Guns, Crew-Served Machine Guns, Combat Shotguns -- plus a very educated look into the 21st century.

The Official Price Guide to Antique and Modern Firearms-House of Collectibles
1994-11-15 This indispensable sourcebook covers weapons manufactured in the United States and foreign countries between the 1600s and the mid-1980s -- from historic flintlocks and muskets to modern-day handguns, rifles, and shotguns. Fully illustrated!

The Official Price Guide to Antique & Modern Firearms-David Byron 1983

Gun-DK 2012-04-16 Watch a 700-year history unfold, from the medieval "hand-gonne" to today's technologically advanced assault weapons. Discover how gun design influenced warfare, from the 15th century when the

arquebus defeated swordsmen, to the 20th century when the submachinegun gave the military vastly increased firepower. **Guns: A Visual History** shows in unique visual detail on how gun design evolved. It features more than 300 iconic examples, including the military AK-47 assault rifle and the pistol used by many police forces - the Glock 17. Each weapon is shown in close up with details of its design, barrel, calibre, and firepower. This comprehensive volume also features sporting guns, anti-tank weaponry and concealed assassin spy guns, such as the umbrella gun that killed Georgi Markov in 1978. It takes you inside iconic firearm firms such as Biretta, Colt and Lee Enfield, and tells stories of infamous sharpshooters from Dick Turpin to Al Capone. Whether you collect firearms or enjoy field sports and military history, **Guns: A Visual History** is an unmissable reference title.

Shiloh and Other Stories-Bobbie Ann Mason
2011-09-14 "These stories will last," said Raymond Carver of **Shiloh and Other Stories**

when it was first published, and almost two decades later this stunning fiction debut and winner of the PEN/Hemingway Award has become a modern American classic. In *Shiloh*, Bobbie Ann Mason introduces us to her western Kentucky people and the lives they forge for themselves amid the ups and downs of contemporary American life, and she poignantly captures the growing pains of the New South in the lives of her characters as they come to terms with feminism, R-rated movies, and video games. "Bobbie Ann Mason is one of those rare writers who, by concentrating their attention on a few square miles of native turf, are able to open up new and surprisingly wide worlds for the delighted reader," said Robert Towers in *The New York Review of Books*.

Winchester Slide Action Rifles-Ned Schwing
2004-01 Winchester Slide Action Rifles is brimming with thorough detailed information?exploring receivers, barrels, markings, stocks, stampings, and engravings of

the favorite slide-action guns of America. This first edition of the "Winchester Classics" series features an exhaustive history?told through the eyes of respected firearms expert Ned Schwing?of Winchester?s innovative and very popular slide-action .22 caliber rifles, including models 1890, 1906, 61, and 62. With an entirely new index, new color photos, a new introduction, and updated information, this classic reference volume combines what was previously a two-volume set into one complete volume. Hundreds of photographs show the development, mechanical features (inside and out), and variations of various slide-action rifles, and present an abundance of other details. This reference is filled with valuable data including serial numbers, production and sales figures, retail prices, and more!

In Country-Bobbie Ann Mason 2005-08-02 In the summer of 1984, the war in Vietnam came home to Sam Hughes, whose father was killed there before she was born. The soldier-boy in the

picture never changed. In a way that made him dependable. But he seemed so innocent. "Astronauts have been to the moon," she blurted out to the picture. "You missed Watergate. I was in the second grade." She stared at the picture, squinting her eyes, as if she expected it to come to life. But Dwayne had died with his secrets. Emmett was walking around with his. Anyone who survived Vietnam seemed to regard it as something personal and embarrassing. Granddad had said they were embarrassed that they were still alive. "I guess you're not embarrassed," she said to the picture. This P.S. edition features an extra 16 pages of insights into the book, including author interviews, recommended reading, and more.

Meter and Modernity in English Verse, 1350-1650-Eric Weiskott 2021-01-15 What would English literary history look like if the unit of measure were not the political reign but the poetic tradition? The earliest poems in English were written in alliterative verse, the meter of

Beowulf. Alliterative meter preceded tetrameter, which first appeared in the twelfth century, and tetrameter in turn preceded pentameter, the five-stress line that would become the dominant English verse form of modernity, though it was invented by Chaucer in the 1380s. While this chronology is accurate, Eric Weiskott argues, the traditional periodization of literature in modern scholarship distorts the meaning of meters as they appeared to early poets and readers. In *Meter and Modernity in English Verse, 1350-1650*, Weiskott examines the uses and misuses of these three meters as markers of literary time, "medieval" or "modern," though all three were in concurrent use both before and after 1500. In each section of the book, he considers two of the traditions through the prism of a third element: alliterative meter and tetrameter in poems of political prophecy; alliterative meter and pentameter in William Langland's *Piers Plowman* and early blank verse; and tetrameter and pentameter in Chaucer, his predecessors, and his followers. Reversing the historical perspective in which scholars

conventionally view these authors, Weiskott reveals Langland to be metrically precocious and Chaucer metrically nostalgic. More than a history of prosody, Weiskott's book challenges the divide between medieval and modern literature.

Rejecting the premise that modernity occurred as a specifiable event, he uses metrical history to renegotiate the trajectories of English literary history and advances a narrative of sociocultural change that runs parallel to metrical change, exploring the relationship between literary practice, social placement, and historical time.

1998 Standard Catalog of Firearms-Ned Schwing 1998

The New York Times Manual of Style and Usage-Allan M. Siegal 2015 "The official style guide used by the writers and editors of the world's most authoritative news organization."

Winchester Model 94-Robert C. Renneberg 2009-12-17 Since the publication of the groundbreaking first edition of *The Winchester Model 94 - The First 100 Years*, this revised and expanded edition is the culmination of the author's relentless research on the Winchester Model 94. What's more, it presents never-before-published information on the 1894's elegant offspring, the Model 55 and 64 from readers over the globe. The result is the definitive study on the most successful lever-action rifle of all time.

Private Security-Charles P. Nemeth 2017-09-22 There are few textbooks available that outline the foundation of security principles while reflecting the modern practices of private security as an industry. *Private Security: An Introduction to Principles and Practice* takes a new approach to the subject of private sector security that will be a welcome addition to the field. The book focuses on the recent history of the industry and the growing dynamic between private sector security and public safety and law

enforcement. Coverage will include history and security theory, but emphasis is on current practice, reflecting the technology-driven, fast-paced, global security environment. Such topics covered include a history of the security industry, security law, risk management, physical security, Human Resources and personnel, investigations, institutional and industry-specific security, crisis and emergency planning, critical infrastructure protection, IT and computer security, and more. Rather than being reduced to single chapter coverage, homeland security and terrorism concepts are referenced throughout the book, as appropriate. Currently, it vital that private security entities work with public sector authorities seamlessly—at the state and federal levels—to share information and understand emerging risks and threats. This modern era of security requires an ongoing, holistic focus on the impact and implications of global terror incidents; as such, the book's coverage of topics consciously takes this approach throughout. Highlights include: Details the myriad changes in security principles, and the practice of private

security, particularly since 9/11 Focuses on both foundational theory but also examines current best practices—providing sample forms, documents, job descriptions, and functions—that security professionals must understand to perform and succeed Outlines the distinct, but growing, roles of private sector security companies versus the expansion of federal and state law enforcement security responsibilities Includes key terms, learning objectives, end of chapter questions, Web exercises, and numerous references—throughout the book—to enhance student learning Presents the full range of career options available for those looking entering the field of private security Includes nearly 400 full-color figures, illustrations, and photographs. Private Security: An Introduction to Principles and Practice provides the most comprehensive, up-to-date coverage of modern security issues and practices on the market. Professors will appreciate the new, fresh approach, while students get the most "bang for their buck," insofar as the real-world knowledge and tools needed to tackle their career in the ever-growing

field of private industry security. An instructor's manual with Exam questions, lesson plans, and chapter PowerPoint® slides are available upon qualified course adoption.

depth field reports on the newest guns and gear
to fascinating discussions of collectible guns and
gear to fascinating discussions of collectible
arms, you'll find it in Gun Digest 2011.

Arthur of England-Christopher Dean
1987-12-15 Today, popular imagination peoples
the Middle Ages with damsels in distress and
knights riding to their rescue. Of such knights,

King Arthur and his companions are the most
celebrated. It is certainly true that this is the
time when the Arthurian story took shape and
Arthurian literature flourished, and that most
medieval historians included him in their
histories of Britain, though some did so with a
considerable degree of scepticism. But how
widely was this literature known in its own day?
How much credence did people generally place
in this king who supposedly once ruled England?
To answer these questions, Christopher Dean
looks at medieval and Renaissance Arthurian
literature in detail, and also examines
contemporary chronicles and histories, chivalric
theory and practice, popular myths and legends,
folk-lore and place-names. The result is to show
dramatically that Arthur was not at all as well
known as popular belief today fancies. As a
historical figure he was early discredited; had it
not been for his artificial revival by the Tudor
monarchy and the furor caused by the attack
upon him by the 'foreigner' Polydore Vergil,
which incensed many patriotic Englishmen, his
credibility might have disappeared much sooner

than it did. Except for Malory's work, medieval Arthurian literature, which often exists in no more than single manuscripts, did not have large audiences. And after 1500, only Edmund Spenser and Thomas Hughes attempted to write seriously on Arthurian themes. Among the ordinary citizens of England, Arthur was hardly known at all, any popular knowledge of him being almost entirely restricted to Wales, Devon, and Cornwall. Elsewhere in Britain the much more familiar figure was Robin Hood. For all the strength of the Arthurian legend as the ultimate medieval knight, he is essentially a modern hero.

Phrases and Names, Their Origins and Meanings-Trench H. Johnson 2019-11-22
"Phrases and Names, Their Origins and Meanings" by Trench H. Johnson. Published by Good Press. Good Press publishes a wide range of titles that encompasses every genre. Whether you're a serious gun collector, a casual gun-show trader, a hunter or recreational shooter, if you buy, sell or trade firearms, Standard Catalog of Firearms is the best insurance you can buy!

Black Gun, Silver Star-Art T. Burton
2008-04-01 Deputy U.S. Marshal Bass Reeves appears as one of eight notable Oklahomans, the most feared U.S. marshal in the Indian country. That Reeves was also an African American who had spent his early life as a slave in Arkansas and Texas makes his accomplishments all the more remarkable. Bucking the odds (I'm sorry, we didn't keep black people's history, a clerk at one of Oklahoma's local historical societies answered a query), Art T. Burton sifts through fact and legend to discover the truth about one of the most outstanding peace officers in late nineteenth-century America and perhaps the greatest lawman of the Wild West era. ø Fluent in Creek and other southern Native languages, physically powerful, skilled with firearms, and a master of disguise, Reeves was exceptionally adept at apprehending fugitives and outlaws, and his exploits were legendary in Oklahoma and Arkansas. A finalist for the 2007 Spur Award,

sponsored by the Western Writers of America, Black Gun, Silver Star tells Bass Reeves's story for the first time and restores this remarkable figure to his rightful place in the history of the American West.

Texas Ranger-John Boessenecker 2016-04-26
The New York Times bestseller! "Frank Hamer, last of the old breed of Texas Rangers, has not fared well in history or popular culture. John Boessenecker now restores this incredible Ranger to his proper place alongside such fabled lawmen as Wyatt Earp and Eliot Ness. Here is a grand adventure story, told with grace and authority by a master historian of American law enforcement. Frank Hamer can rest easy as readers will finally learn the truth behind his amazing career, spanning the end of the Wild West through the bloody days of the gangsters." -
-Paul Andrew Hutton, author of The Apache Wars
To most Americans, Frank Hamer is known only as the "villain" of the 1967 film Bonnie and Clyde. Now, in Texas Ranger, historian John

Boessenecker sets out to restore Hamer's good name and prove that he was, in fact, a classic American hero. From the horseback days of the Old West through the gangster days of the 1930s, Hamer stood on the front lines of some of the most important and exciting periods in American history. He participated in the Bandit War of 1915, survived the climactic gunfight in the last blood feud of the Old West, battled the Mexican Revolution's spillover across the border, protected African Americans from lynch mobs and the Ku Klux Klan, and ran down gangsters, bootleggers, and Communists. When at last his career came to an end, it was only when he ran up against another legendary Texan: Lyndon B. Johnson. Written by one of the most acclaimed historians of the Old West, Texas Ranger is the first biography to tell the full story of this near-mythic lawman.

The Arizona Rangers-Bill O'Neal 1987 "The Arizona Rangers" is the first documented history of the Rangers ever published, and fills a sizeable

void in the annals of Arizona Territory. Bill O'Neal's enthusiasm for his subject and his respect for those remarkable men who wore the five-pointed star are apparent in every word of his thoroughly researched, well written manuscript. He has accurately portrayed the story of the Arizona Rangers against an authentic background of turn-of-the-century Arizona.

Buck Barry, Texas Ranger and

Frontiersman-James Buckner Barry 1984-10-01

Although Jim Bowie and Davy Crockett were more celebrated, Buck Barry did as much or more to tame the Old Southwest. During a long and useful life he was a professional soldier, stock farmer, sheriff, and member of the legislature. His memoirs are never dull, and no wonder. ø In 1845 young James Buckner Barry joined the newly formed Texas Rangers and for the next twenty years his life was one of unremitting activity and danger. These pages show him fighting outlaws and Indians from the Red River to the Rio Grande. He served in the

Mexican and Civil wars, coming out as a lieutenant colonel. Then he confronted the daily perils of ranching in Bosque County, Texas. Peace officer, legislator, "he served his people well even to the neglect of his private advantage." Such is the tribute of the historian James K. Greer, who edited Buck Barry's private papers and reminiscences and shaped them into this book.

The Martini-Henry Rifle-Stephen Manning 2013-05-20 The breech-loading, single-shot .458in Martini-Henry rifle has become a symbol of both the Anglo-Zulu War of 1879 and the numerous battles in Egypt and the Sudan in 1884-85, but continued to be used by both British and colonial troops well into the 20th century. Its invention and introduction into British service were in direct response to the success of the Prussian Dreyse needle gun, which demonstrated that the breech-loading rifle offered faster loading, improved accuracy and superior range; significantly, the weapon could

be loaded and fired from a prone position, thus offering the rifleman greater security on the battlefield. Due to the longevity of service, many Martini-Henry rifles survive today, both in museums and in private collections, and the weapon is highly prized by shooting enthusiasts. Featuring specially commissioned full-colour artwork and an array of arresting first-hand accounts and written by an authority on warfare in the Victorian era, this engaging study tells the story of the powerful Martini-Henry and its impact on the battlefield, from the Anglo-Zulu War to the opening months of World War I.

The Texas Rangers-Walter Prescott Webb
2010-07-22 Webb's classic history of the Texas Rangers has been popular ever since its first publication in 1935. This edition is a reproduction of the original Houghton Mifflin edition.

Plant Horror-Dawn Keetley 2016-12-21 This collection explores artistic representations of vegetal life that imperil human life, voicing anxieties about our relationship to other life forms with which we share the earth. From medieval manuscript illustrations to modern works of science fiction and horror, plants that manifest monstrous agency defy human control, challenge anthropocentric perception, and exact a violent vengeance for our blind and exploitative practices. Plant Horror explores how depictions of monster plants reveal concerns about the viability of our prevailing belief systems and dominant ideologies— as well as a deep-seated fear about human vulnerability in an era of deepening ecological crisis. Films discussed include The Day of the Triffids, Invasion of the Body Snatchers, The Wicker Man, Swamp Thing, and The Happening.
